NEWS FLASH
2026
New Members

Please tell your friends about our **special offer for New Members - 15 months for the price of 12 months!**

U3A Redlands Membership for 2026 opened on 1 October 2025 and the annual fee remains at \$40 Single and \$75 couple.

Although operating costs continue to rise, we strive to keep our membership fees and class costs affordable for members.

Fundraising Update

Members have been asking **why U3A Redlands District is continuing to fundraise** when we have received generous donations and been granted funds sufficient to complete our building project.

Without the funds that we had accumulated over the years, we would never have been able to embark on a building project and achieved a home of our own. U3AR needs to once again rebuild our reserves which will allow us to continue to provide lifelong learning for seniors into the future.

We are so thankful to community organisations like Rotary Wellington Point and the Bendigo Victoria Point Community Bank that assist Not for Profit organisations with ongoing fundraising.

Rotary and Bendigo source the prizes, print and distribute the tickets to community groups to make their own sales. Once costs are covered, the raffle proceeds are distributed to the participating NFP organisations based on their individual sales.

Please support one or more of these wonderful fundraisers both of which have great prizes and with proceeds to U3A Redlands District.

Tickets for each raffle are available at the office (Ph 3821 3888) and/or at our upcoming events.

was delighted to accept their invitation to
take part in a day of Information Sharing

**High Tea

Unfortunately the planned event - High
Tea at Parliament House scheduled for 21
October had to be cancelled due to lack of

This was a social event and not a

bus transport obviously pushed the price
up too high for most members.

PLANT LOVERS GROUP

The topic of discussion at our September meeting was 'Organics'. There was quite a bit of confusion about the lack of a formal definition, and that Australia is one of the few developed nations without a mandatory domestic standard for 'organic' produce.

In Australia it is not illegal to call a product 'organic' without providing the consumer with any proof that it was actually produced 'organically'. The word 'organic' can, and is, used and abused with impunity, and in ignorance.

Writing for Pleasure

The pen is mightier than the sword.

You can create atmosphere in very few words, as Kathy shows us this month. Read it if you dare.

The Red Door

Kathy Manning

It is 11pm. The black clouds overhead bludgeon our senses, and fear weakens our knees.

The loud thunder is buffeting the skies simultaneously with flashes of lightning.

We must find shelter before the storm breaks. The camping overnight for St Valentine's Day was a disastrous idea. We spy a ramshackle house in the distance and approach it with caution.

A flash of lightning reveals a timber door, red blood smearing its surface; deep growls can be heard behind it.

A decision to be made -- the fear we recognise, or the imagination filled travesty we may confront.

WOULD YOU LIKE TO LEARN TO MAKE COILED POTS?

This craft will be taught in Term 4 at the Capalaba Library on Friday mornings from 9.30 to 11.30am, beginning **10 October**.

Materials will be provided at a cost of \$20, or bring your own for no charge. For more information, contact Brenda on 0481 342 448.

Last month Rose Reidlinger celebrated her eightieth birthday with her Mahjong Group. To show appreciation for her efforts in running a happy group, she was presented with a beautiful bunch of yellow roses, a delicious cake and a gift. Rose has been at the helm of the group for eleven years, shopping for delicious nibbles and making sandwiches for her most inviting morning teas.

New Class 2026

Australia – Privileged and Lucky but Vulnerable The Future?

In considering the future of Australia, some existing trends can be projected and these will be considered together with events (which tend to be sudden or unexpected).

This course will examine factors and trends that could shape Australia's future and is not designed to predict Australia's future.

The course focuses on identifying influences like climate, population, economy and finance, overseas trade, foreign policy, national security, and political issues, considering both strengths and vulnerabilities. The approach is broad, non-partisan and discussion is encouraged.

Start Date: Wednesday, 28 January
(for 6 weeks)

Time: 9:30 – 11:30

Venue: Wellington Point
Community Hall

*'Tis the
Season*

Did you know?

Jacarandas, also known as jacaranda mimosifolia, have been steadily growing in Australia for over 150 years, but despite this, are not native to Australia. Originally from parts of Central and South America, jacaranda seeds were thought to be brought along with sea captains sailing from South America, with Sir James Martin possibly planting the first jacaranda tree.

Call for Tutor Newsletter Articles

A big thank you to all our wonderful Tutors and Co-ordinators who provide such a wide range of engaging activities for our members throughout the year.

We'd love to feature stories from your classes in our upcoming newsletters! Please consider sending in a short article about your group, along with one or two photos. Our members really enjoy hearing about what's happening across U3A and may even be inspired to try something new.

Call for 2026 Tutors/Co-ordinators

Do you have a skill, passion, or area of knowledge you'd like to share? Volunteering as a Tutor or Co-ordinator is a fantastic way to contribute to our program of lifelong learning.

Many of our current Tutors tell us that sharing their knowledge and experiences has been both rewarding and enjoyable — and that their classes have sparked great interest among fellow members.

You might like to run a one-off session or offer a short series of classes — the choice is yours!

If you're interested in joining our 2026 program as a Tutor or Co-ordinator, our Tutor Liaison, Mary, would love to hear from you. Phone Mary on 0404 460 251 or email maryj99@bigpond.com
